**PROTip: Proper Hand Hygiene = Biosecurity**

Clean hands are essential from farm-to-fork. Whether you're caring for animals, processing food, or maintaining equipment, proper hand hygiene helps reduce the spread of pathogens and protects the integrity of your operation.

Pair consistent handwashing with ProActive's full line of hand care products and dispensers to help strengthen your biosecurity program and **PROtect what's next.**

Ask your ProActive Solutions Account Representative about our complete Hand Hygiene Program.

# Proper Hand Hygiene

## Protecting Every Step of the Food Chain

Follow these seven steps to promote safe, consistent practices across farms, food plants, and processing facilities.

1) Wet your Hands  
Mojar sus manos

2) Apply Soap  
Aplique jabón

3) Scrub (20 Seconds)  
Fregar (20segundos)

4) Rinse  
Enjuague

5) Dry your hands  
Secatusmanos

6) Turn off water  
Apagarelagua

7) Sanitize  
Desinfectar

**PROtect What's Next** Starts with Your Hands.

Hand hygiene plays a vital role in every stage of production - supporting animal health, product quality, and consumer confidence.
